US89 Compact 2

Publication Number: PB3001 DEC/11

Dewhurst US89 Compact 2 Pushbutton

The timeless design of the US89 Pushbutton has proven to be very successful over the years. The obround shape is a refreshing alternative to the more common round or square shape. The illuminated tactile legend provides clear identification and the button can be illuminated in a wide variety of colours. The US89 is available with the standard Compact 2 body or Compact 3, a useful option for surface mount fixtures.

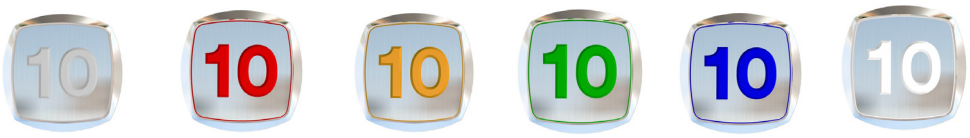

Features & Benefits

- 13mm tactile legend
- A halo of light between the pressel and surround via a patented hidden recess encircles the pressel and illuminates the legend
- Legend & halo can be constantly illuminated at half intensity, switching to full intensity for indication of position or call acceptance
- Large range of pressel legends
- Matching range includes keyswitches, rocker switches and indicators
- Also available with C3 body
- Vandal resistant with stainless steel front
- Meets EN81-1/2, EN81-71 (Category 2), EN81-72, EN81-73, EN60529 (IP54)

Illumination, Finishes & Marking

- Wide range of colours for illumination including (non), red, yellow, green, blue and white
- Range of pressel finishes including brushed stainless steel, mirror stainless steel, brushed brass and mirror brass*
- Range of surround finishes and heights - chrome, brass, black - 3.2 and 4.8mm
- Single, dual and bicolour illumination
- A large range of legends in Helvetica Medium characters & symbols are available
- Tactile legends are formed during the moulding of the pressel body and are in red or grey 13mm high characters.

* Standard pressels are a brushed stainless steel plate moulded with red or grey polycarbonate

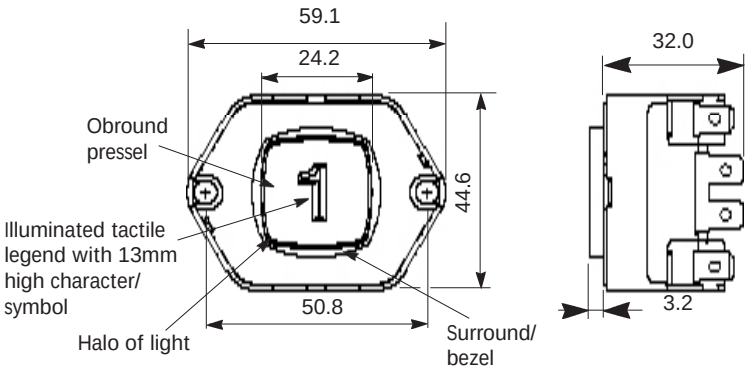

Colours

Finishes

Dimensions

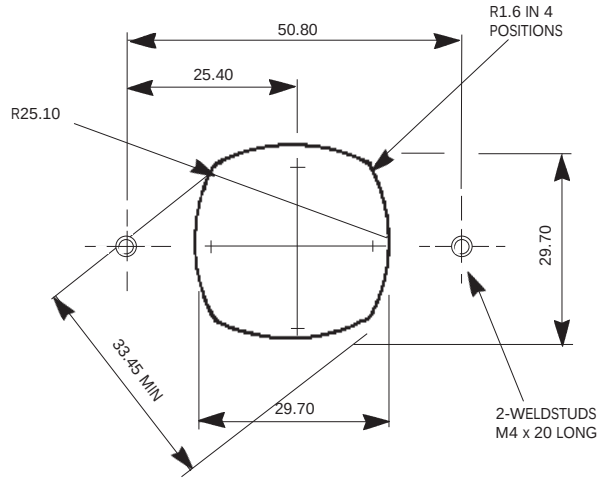

Compact 2 Pushbuttons can be supplied loose or incorporated into stations with 1.5mm or 2.5mm stainless steel faceplates, with a vertical pitch of 50mm and horizontal pitch of 60mm i.e the pushbutton body can be rotated through 90 degrees (horizontal version shown above). If pushbuttons are supplied loose, spacers are provided to accommodate the differing faceplate thickness.

Technical Details

Weight:	70grms		
Moulded in:	High grade polycarbonate		
Pressel plate material:	Brushed 304 stainless steel (standard)		
Pressel plate area:	620mm²		
Button force:	3.5N		
Pushbutton size:	59.1mm w x 44.6mm h x 32.0mm d		
Pressel size:	24.2mm w x 24.2mm h x 3.2mm d		
Legend size:	13mm high, Helvetica medium characters		
LED current:	20mA (typically)		
LED voltage:	12/24/30/48/110V a.c./d.c. ±15%		
Bulb wattage:	3 max		
Bulb voltage:	12/24/110V		
Operation:	Wiping action, slow make and break with solid silver contacts		
Ratings:	10 amps max		
	240V a.c. at 3.0 amps max. resistive loads	- min. no. of operations:	1×10^6
	240V d.c. at 0.5 amps max. resistive loads	- min. no. of operations:	2×10^6
	110V d.c. at 100mA max. inductive TC40ms	- min. no. of operations:	1×10^6
	12V d.c. at 5mA max. resistive loads	- min. no. of operations:	10×10^6
Contact arrangements:	2 N/O, 2 N/C or 1 N/O + 1 N/C	Please note that it is possible for the N/O contact to make before the N/C contact has opened on the 1 N/O + 1 N/C configuration	
Code compliance:	Meets EN81-1/2, EN81-71(Category 2), EN81-72, EN81-73		
IP Rating:	EN60529 (IP54)

Cleaning your US89 Pushbutton

Many **Dewhurst** lift products are made of **polycarbonate** (Using GE's **Lexan**® or Bayer's **Makrolon**®).

The US89 is highly durable and vandal resistant but the plastic parts can be damaged by aggressive cleaning agents, Dewhurst therefore recommends:

Clean the part with a **cotton cloth and warm water** before applying the cleaning product

Use **PH-neutral or slightly acid cleaning products only** (including aromatised ones) Ethylic alcohol, isopropyl alcohol or ethylene glycol based multipurpose cleaning products and dish soaps are suggested.

Dilute the cleaning product in warm water and apply using a wet cotton cloth.

Grease, glue and paint may be removed with ethylic alcohol or isopropyl alcohol.

Recommended Cleaning Products (*):

Europe	**North America**
Windus - Brial Top - Ecolab Mr. Proper Surfaces Delicates - Proctor & Gamble Palmolive, Colgate Palmolive	Formula 409® Cleaner Degreaser Joy®, Proctor & Gamble Windex, Drackett Products Palmolive, Colgate Palmolive

(*) Due to the vast number of cleaning products available on the market, the list of recommended products above is an illustration only

Note:

- Do not use abrasive cleaning agents
- Do not use sharp tools to remove dirt (chewing gum, glue, etc.)
- Do not use solvents based with Ketones, benzene, methanol, toluene (also known as methylbenzene or phenyl methane) or alkaline and ammonia based cleaning agents
- Do not use cleaning agents at high temperatures
- Do not leave cleaning agents on the parts for long periods: remove immediately after cleaning using a wet cotton cloth and warm water
- Do not use dry cotton cloths and sponges
